REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: After giving further search and consideration to applicants amended claimed invention, examiner has determined that the amendments made to the claimed invention define the claimed invention distinctly and clearly enough to distinguish over the teachings of the prior art. More specifically, the prior art fails to expressly disclose, nor would it have been obvious to modify the prior art to expressly disclose, "initializing a load balancer by identifying to said load balancer, address information for a plurality of servers in a server farm; individually polling each of the plurality of servers by the load balancer so as to obtain a configuration file from each polled server if available, wherein: each obtained configuration file contains the parameters necessary to configure the load balancer for bringing the associated polled server on-line", as similarly recited in independent claims 1, 10, and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
